

# Learn To Ski or Snowboard In One Day

Saturday, January 9, & Saturday February 20, 2010

Learn to ski or snowboard in just one day with Alpine Adventures. Join us as we head to Boreal for a fun day on the slopes. Deluxe video-equipped charter buses will take you right to the resort from locations throughout the Sacramento Valley region. Our hosts and instructors will be on board and at the resort to assist you. By the end of the day, you'll be on your way to skiing or boarding just like a pro.

## Our Learn to Ski and Snowboard trip includes:

- All day lift pass at Boreal.
- Beginner ski or snowboard lesson.
- Rental skis/boots/poles or snowboard/boots.
- Round trip charter coach transportation.
- Hosts, instructors, and guides providing assistance throughout the day.

## Cost is just \$95 per person

The only thing you need to provide is your lunch, clothing, and items of a personal nature. There will be a pre-trip orientation prior to the trip to answer all your questions so you'll be ready to go!

This special trip is open to both adults and kids. Kids can take their parents, and parents can take their kids. It's also a supervised program so kids ages 10 and older, who are taking instruction, do not need to be accompanied by their parents. Kids age 8-9 can take advantage of this trip if accompanied by a parent or guardian. If you're already a skier or snowboarder and just need a ride, we can accommodate you too.
